# HISTORY OF SURGERY ROUNDS

**Glenn Regehr**, PhD, Professor, UBC Dept. of Surgery;  
Associate Director, Research  
Centre for Health Education Scholarship (CHES)

***“What does the College Want from Us Now?  
Peeking Behind the Curtain of Competency-based  
Medical Education”***

---

### **Learning Objectives:**

- To elaborate on current difficulties with assessment and educational planning experienced by residency preceptors and program directors
- To describe how CBME was conceptualized as a way to address these issues more effectively and to explore opportunities to shape the roll-out of CBME at UBC.
