A Message from the Chair of Surgery

Congratulations to all of those who have completed residency training programs in the UBC Department of Surgery. This is an incredible milestone and the culmination of years of work and study. You should be proud of your accomplishments.

Whether you move directly into practice or continue with further training, it is my sincere hope that the experience and mentorship that you have had at UBC have prepared you well. In spite of the challenges that you will inevitably face, strive to provide the best possible care to your patients and their families, to learn and to teach others, and to maintain a balanced life.

I would also like to extend my sincere thanks to the Faculty and Staff in the Department of Surgery for their many contributions throughout the year.

***Gary Redekop MD, MSc, FRCSC
Head, Department of Surgery***
